MAUA BANK.
101-103 CALLE CANGALLO

The offices of this Bank having been removed to the above spacious building, in order to suit the increasing flow of business, the public is informed that the following transactions are carried on in currency and specie in this Bank:—

First—Bills and obligations with good signatures are discounted on conventional terms.

Second—Money is advanced on mercantile and other securities approved of by the Manager.

Third—Accounts current are opened with Merchants or other parties who may prefer depositing endorsed and transferable securities, against which they may draw up to an amount previously convened under conditions established for such class of operations.

Fourth—Money is received in account current, bearing interest from day of deposit, which is accumulated in favor of the parties every three months, the depositors being allowed to retire at any time, by means of chacques, part or the full amount at their wish, save when the quantity exceeds three hundred doubloons or one hundred thousand dollars currency, in which case forty-eight hours' previous notice is required to be given at the Treasury of the Bank.

Fifth—Bills or letters of credit are drawn and taken on Montevideo, Rosario, Sta Fé, Salto Oriental, Paysandu, Rio Janeiro, and other places in the Brasils, England and France, as also on other places, of which notice will be given hereafter.

Finally, the Bank undertakes and executes all egitimate transactions within the orbit of banking operations.

The establishment is always open from 10 a.m. till 3 p.m.

Guillermo Solnidher.

The Company Insures against Fire on very small Premiums. Every class of Buildings and Goods, whether private or industrial.

Goods in Customs Deposit may be likewise Insured.

Insurers in this Company contract no othe obligation than the payment of the stipulater Premium on the Policies, the Company being only responsible for such injuries as they may suffer from Fire.

Among the general conditions of the Policy, there is one of particular advantage to Mortgage Creditors.

The Company offers the following Rewards:—
$f.40 To the first Hose ready to lend assistance.
$f.20 To the second do. do.
$f.20 To the first pipe of water.
$f.4 To each of the five succeeding pipes
Which run to the Fire of any Edifice or Property Insured in THE ESTRELLA, on making known his choice of the Reward, or a Certificate issued by the Police authorities to such as shall have assisted at the mishap.

The Company will also give a Reward of $f.4 to whoever shall present themselves at their Office, to give Notice of any Fire within the Municipal

No. of Policies,.. 2,844 | Securities, $f.838,920·41

It being an admitted fact, that "Money makes money," the object of LA BIENHECHORA could not be better, since it opens a vast Savings Bank for the surplus or savings of the Public, so that, by the proper employment of these small gains, a moderate capital, or even annuity, may be secured in a short time. By this means a provident, though helpless, family can husband their small means, and, in the end, attain a competency.

It being proved that the accumulation of interest is the most powerful means of augmenting the capital, THE BIENHECHORA DEL PLATA—an Argentine Company, whose only investments are in the country—holds out to Subscribers greater advantages than any other Institution, by reason of all its dealings being in the River Plate, where are current as large interests as in any part of the world.

THE BIENHECHORA DEL PLATA receives Deposits of from Five Patacones per Annum up to any amount in Weekly, Monthly, or Yearly Instalments.

London, Monday, Nov 2.

To-day the Duke of Edinburgh sails from Plymouth in the Galatea, on his voyage round the world. The Crown Princess of Prussia came to town on Saturday from St. Leonards, to take leave of his royal highness. To-day also Prince Arthur joins the garrison at Woolwich as a lieutenant in the corps of Royal Engineers.

At the Cabinet Council of Saturday the whole of the ministers were present with the exception of Sir Stafford Northcote, who is in attendance on her Majesty at Balmoral. Col. Wilson Patten, the new Chief Secretary for Ireland, took his seat for the first time, and Lord Mayo, the new Governor-General of India, was also present.

The series of conferences held under the auspices of the Bishop of Ely in his diocese have been brought to a close at Huntingdon. The questions discussed by the 300 clergy and laity who attended the gathering included the best way in which laymen could help forward the work of the church; the present state of the church rate controversy; how to increase the efficiency of the national church, and the means of securing greater unity amongst its members.

The legal year opens to-day, and Mr. Justice Hayes, Mr. Justice Brett, and Mr. Baron Cleasby, take their seats in the Courts of Queen's Bench, Common Pleas, and Exchequer respectively. In the quiet times which distinguished the rule of Lord Palmerston, and when new judicial appointments did not average one in a year, the appearance of three new judges in Westminster Hall would have been a most unusual occurrence. Within the past two years, however, neither Michaelmas nor Easter Term has opened unless two or more new judges have been received by the Lord Chancellor. Thus, at Michaelmas, 1868, there were Lord Justice Cairns and Chief Baron Kelly; at Easter, 1867, Chief Justice Bovill and Vice Chancellor Malins; at Michaelmas, 1867, Lord Justice Rolt and Sir Robert Phillimore; and at Easter, 1868, Lord Cairns, having been elevated to the woolsack, received in their new capacities the Lords Justices Wood and Selwyn, Vice-Chancellor Giffard, and Mr. Justice Hannen.

A singular step has been taken by the Rev. Canon Selwyn, who is a brother to Lord Justice Selwyn, and also to the new Bishop of Lichfield. The Professor, who is Lady Margaret's Reader of Theology at the University of Cambridge, has issued an address to the electors of both the county and the borough, inviting their attendance to a county meeting which is to be held to-morrow in defence of the Irish Church. He declares that since the days of James II. no such assault upon the Reformed faith has been made as that which is now led by Mr. Gladstone, and concludes thus:

"A thousand years scarce seem to build a state;
One hour may lay it in the dust."

Curiously enough the quotation has been used before, to warn the public against those designs of Mr. Gladstone, which a few years ago were deemed violent and revolutionary in the matter of parliamentary reform. It was on the afternoon of Wednesday the 11th of May, 1864, when the then Chancellor of the Exchequer gave his assent to the bill of Mr. Baines, which proposed to reduce the borough franchise to £6, because he believed that: "It would tend to bind, to blend, and knit the hearts of the people together, and thus infuse new vigor into the old, but in the best sense still young and flourishing, and undecaying, British Constitution." The right honorable gentleman was followed by Mr. Whiteside, who denounced the propagation of such views in the strongest terms, and concluded his speech with the quotation now used by Professor Selwyn *apropos* of the Irish Church policy. The coincidence is significant.

Shocks of earthquake are reported as having been felt at a late hour on Friday night at Leamington, at several places in South Wales, and at Worcester and at Bristol. Advices from Leamington state that about a quarter to eleven three distinct shocks were experienced, at intervals of a second, and that both oscillation and rumbling were distinctly perceptible.

On Saturday afternoon the National Arts Exhibition, which was opened on the 19th of May last by the Prince of Wales, was brought to a close. A hearty vote of thanks was passed to those noblemen and gentlemen who had sent their works of art to enhance the interest of the exhibition. The Earl of Dudley, who, with Lord Houghton, acknowledged the vote, mentioned that the collection had been visited by about 600,000 persons.

It was recently announced in a telegram that the Colonial Secretary of New South Wales had stated that a conspiracy had been organised for the purpose of assassinating the Duke of Edingburgh, that one of the conspirators had been murdered by his confederates as untrustworthy, and that particulars would shortly be laid before the parliament. From the *Sydney Morning Herald* of September 9, we now learn that the conspiracy referred to was not a new one, as might have been supposed, but merely that which was reported to exist at the time of the attempt upon the Duke's life by O'Farrell. It appears that the government of the colony has been the object of some strictures on account of the excessive rigor of the Treason Bill which it so hurriedly passed just after the occurrence. It was in a speech replying to these strictures that the Colonial Secretary made the statement recently telegraphed. He declared he could produce evidence, attested by affidavits, showing that "not only was murder planned but that same person who was in the secret, but whose fidelity was suspected, was foully murdered before the attack was made upon the the Prince." The *Sydney Morning Herald* says that this announcement has caused much excitement in the colony, and that almost everybody is of opinion that the evidence should at once be laid before the Parliament. People are asking, it adds, whether the untrustworthy conspirator was murdered in the colony or elsewhere, and if in the colony, what has become of the body, and moreover what steps have been taken by the police? Meanwhile they think the secretary's statement should have been deferred until it could have been supported by the evidence which has yet to be produced.

The *Times of India* says that the news from the North-west frontier shows that there is no likelihood of the operations in Hazara amounting to anything more serious than a chase of the Hussunzyes across the Black Mountain. The first brigade of Gen. Wilde's force had a brush with the enemy on the 4th of October, and occupied Chitterbut, on the crest of the mountain, followed by the second brigade. On the 5th, a further advance was made by Gen. Wilde, and the highest peak of the mountain occupied. The enemy made scarcely a stand. A telegram dated October 7, stated that resistance was collapsing, and that some of the belligerent tribes were suing for peace. Another telegram dated the 8th October stated that the enemy had altogether disappeared, and that the British troops were burning their villages.

Shere Ali Khan has written to the Viceroy of India, expressing a wish to maintain full diplomatic relations with the British Government, and the Viceroy is said to have replied favorably. Shere Ali has been the *de facto* ruler of Affghanistan ever since the death of his brother Afzul Khan, and the *Bombay Gazette* says that, as he now appears to have obtained stable possession of the throne, we may look forward to better days for our frontier connections if a friendly policy towards Affghanistan be steadfastly carried out by the Home Government. The *Times of India* says that the step taken by Shere Ali proves that our policy of non-intervention in the affairs of our neighbors is rightly understood by them. "The advance into Affghanistan," it adds, "which half the Press of India has been urging the Government of India to make for years past, would arm the whole country against us, where now we may find them simply a friendly barrier against all invasion from the north."

From Japan we have intelligence which is thought to indicate that a terrible tragedy has occurred on board a coolie ship. On the 25th August a barque arrived at Hakodate in a very dilapidated condition, and without any papers. Traces of blood were visible upon her in various places, and the only persons on board were forty-two coolies, who stated that the European captain and crew had deserted the ship during a gale of wind. This statement being disbelieved, an investigation took place, which had not terminated when the mail left. The vessel is believed, however, to be an Italian barque, named the Providenza, which left Macao for some part of the west coast of America, as far back July, 1867, with at least 300 coolies on board. They are supposed to have risen against the captain and crew, and murdered them after a severe struggle, in which their own losses were heavy, and then taken the ship into their own hands.

The *Memorial Diplomatique* says there is no truth in the report that Isabella of Spain ever intended to take up her residence at Brighton. Some luggage of the Count and Countess of Girgenti which was sent there, and which bore the ex-Queen's name upon it, gave rise to the rumor. The *Memorial Diplomatique* confirms the statement already made, that her Majesty will shortly arrive in Paris, and declares that she will remain in France until the Cortes "decide upon the fate of her destiny."

The amount of business in the Stock Exchange on Saturday was limited, but the English funds were well supported, and Consols closed about 1-16 higher. The principal transactions were in foreign stocks, and several of these closed with a fresh rise. A rather general improvement took place in American Securities, and Colonial Government Debentures were also in better demand.

RUSSIA.

St. Petersburg, Oct. 31.

The envoy from the Khan of Khokand is expected to arrive here to-morrow. He is the bearer of assurances of devotion from the Khan towards the Czar, and his willingness to assist in furthering Russian interests. He is at the same time instructed to give an energetic denial to the report that the Khan intended to take part with the Emir of Bokhara against Russia.

It is reported that no attempt will be made to renew the Canadian Reciprocity Treaty until the next session of Congress.

The bishops of the episcopal convention have resolved to admit members of the Canadian clergy to all privileges enjoyed by clergymen of the United States.

News from Mexico states that President Juares is taking precautionary measures against a threatened invasion by adhearents of Santa Anna who left Cuba for St Thomas on the 18th instant, under an edict of banishment of Captain-General Lersundi.

According to "Wright's Circular," the very favorable wheather which prevailed in the South last week largely increased the estimates of the cotton crops.

Advices from Cuba state that small bands of insurgents are still prowling about in the mountainous parts of the island. Captain-General Lersundi had ordered the trial of all insurgents by courtmartial.

Mr. Seymour made a speech at Rochester last evening, and was enthusiastically received. He urged the people to contemplate the partisan course of the republican party since the suppression of the rebellion. Reconstruction was a disastrous failure. The Republican accusation against the Democrats, that they had sought by violent measures to destroy the work of Congress, was false. The Democrats proposed to remedy existing evils through the ballot box and by constitutional legislation.

General Reynolds, commanding in Texas, has called an election for the State convention, and directed the registrars to reject the votes of all those persons who had participated in the rebellions, even if they had been removed under acts of Congress. It is reported that President Johnson, incensed at the action of General Reynolds, had ordered him to countermand the order, and will remove him.

Washington, Oct. 31.

General Grant, by direction of President Johnson, has issued an order, reciting the act of Congress which prohibits officers of the army or navy from interfering in elections.

THE EARTHQUAKE IN ENGLAND.

We have now accounts from all parts of England as to the earthquake. From all the advices it appears that the unusual sensation lasted for about a couple of seconds, and is presumed to have been occasioned by what is termed an earth wave. The shock was felt in Worcester and numerous towns and villages on the western bank of the Severn, up to the boundaries of the county on that side.

The incidents appear to have varied considerably. In some situations it was so slight as hardly to be perceptible, while in others the witnesses described it as even more than that which was experienced in 1863. It appears pretty certain that persons who happened to be in the upper chambers of their houses did not experience the effects of the shock so acutely as those who were at the time in the basement. Many persons who had retired to rest, and were undisturbed by it, were incredulous when informed of the fact by their neighbors until corroborative evidence was accumulated from all quarters. The time when the shock was perceived was, as near as can be ascertained, 20 minutes to 11. The night was cloudy, but light, the moon being nearly at the full.

The indications of the earthquake were various. Some persons describe it as a trembling of the earth as if a laden wagon was passing along the street, others imagined some animal had got into their bedroom and was scampering about the floor. The motion of articles of furniture, the jingling of glasses, and the oscillation of beds were very common. Most of the reports agreed that these indications were accompanied by a noise like that of a high wind, or of a vehicle or train passing. Reports were brought into Worcester in the course of Saturday from different towns and villages westward, describing the shock in very similar terms. It is a fact, though it may have nothing to do with these phenomena, that up to the time of the shock the weather was cold, but the thermometer rose fifteen degrees on Saturday.

Three shocks were felt in Leamington. They followed each other in rapid succession, but none of them were either violent or prolonged. The first occurred at about a quarter to eleven o'clok, and was felt in different streets, but more particularly in the west and nort-west portion of what is termed the New Town, which is on the north side of the River Leam. At the time the night was quite calm, but somewhat close for the season. The shocks were noticed by Dr. O'Callaghan, LL. D., the president of the local Philosophical Society, who during a residence in the West Indies had on more than one occasion felt the shock of earthquakes. On Friday night Dr. Callaghan called attention to the occurrence, and found that the shocks had been observed by some of his domestics. In Yorkterrace and the Kenilworth road the shocks were distinctly felt. A lady on the Parade was startled by an unusual noise, and the shocks were noticed by other persons, but do not appear to have attracted general attention. In November 1863 the earthquake was felt in Leamington with considerable violence. On that occassion things were moved about in cupboards, and small articles of furniture were displaced, while many persons were roused in terror from thir sleep. The shocks on Friday night were much slighter.

At Merthyr the shock was rather severe, and occurred on Friday night about 10.30. The movement appeared to be from south to north, and continued for three or four seconds. The sky was covered with light clouds, but there were no thunder-clouds. A few minutes before the occurrence there was that strange calm prevalent which has been noticed during the time of a complet eclipse. Great alarm was felt by the inhabitants. At Twynrodyn and other high quarters the people rushed out of the houses, some attributing the shock to explosions underneath in some of the coal or mine pits; but as Merthyr is not undermined, and no mine or coal stratum exists there, this fact was conclusive that the disturbances proceeded from a greater and more mysterious cause. At the time of the occurrence there was a grand procession by torchlight in honour of one of the candidates for representing the borough, and the great swell of the earth and shaking of doors and windows contrasted strangely with the merry-making going on in the valley.

The earthquake was felt in the West, in addition to the places previously mentioned, at Torquay, Topsham, Tiverton, Southmolton, Honiton Princetown, Tavistock, and at St. Mabyn, and other parts of Cornwall.—*Times.*

EARTHQUAKE IN IRELAND.—A Telegram from Cork informs us that on Saturday several severe shocks of earthquake, followed by a loud rumbling noise, were felt at two places near Mallow, in Cork County. It is stated that houses were much shaken, furniture was broken, and the occupants of the houses were greatly terrified. At the time the shocks were felt it was blowing a hurricane. A despatch dated Sunday states that, although the offects of this extraordinary phenomenon were not felt in the immediate vicinity of Cork, the alarm created by the intelligence which reached that city on Saturday afternoon has been intense. The first shock was felt at a place called Newtown, within a few miles of Mallow. Some gentlemen who were hunting near the place at the time have confirmed the report: they state that the shock was followed by a loud rumbling noise and an oscillation of the earth. In other places between Mallow and Kanturk a distinct shock of earthquake was also felt. Houses were shaken from their foundations, and in some instances the furniture was thrown down and broken. The shock passed from North to South. Reports from other quarters confirm the above particulars. —*Express.*

THE MONTEVIDEAN MUNICIPALITY.

THE Municipal Board of Montevideo called a meeting of the holders of municipal bonds for Tuesday the 1st inst, in order to consider the advisability of making a new loan, with a view to pay the arrears on the old loan, and also several outstanding liabilities for contractor's work, &c. At one o'clock p.m. on the day in question, Mr. J. R. Gomez, the President of the Municipality, took the chair and called on Mr. Ramirez, the Secretary, to read the minutes of the last municipal meeting. After the reading of these documents Mr Gomez rose and said: —

"Gentlemen, I have thought it desirable, previous to taking any further steps regarding the conclusion of a new loan, to call this meeting in order to explain to you the benefits likely to arise from the proposed measure.

"The Municipality of Montevideo is at present in debt to the extent of $f.600,000; this is the total of its liabilities, and if we take a cursory glance at the municipal corporations of European and North American cities, we will find that whilst every other corporation has a large funded debt to attend to, the sum total of our liabilities is a mere trifle. The municipalities of London, New York, Boston and Philadelphia have large funded debts of their own, and the citizens of those vast cities willingly subscribe for municipal scrip, in preference to other securities, satisfied that the funds raised thereby are employed in useful measures of sanitary reforms, and that out of the various revenues of the corporation, certain funds are set apart to pay the interest on the debt.

"No debt carries higher security, or is more acceptable to an enlightened public than a municipal loan. The holders of the scrip are themselves the recipients of double profit, since they not only get a good interest on their capital, but also partake of the benefits arising from money well laid out in beautifying their city. If the Municipality of Montevideo owes the trifle of $f.600,000, it can point to the finest and best roads, streets, and highways in South America. Money is well spent in such useful enterprises, and far better to have the city of Montevideo accessible on all prints by the best macadamised roads in the Plate, even though these highways entail a debt of $f.600,000, than to have the city of Montevideo free of debt, but besieged by 'pantanos' and inaccessible for days after a few hours' rain.

"If the Municipality owes $f.600,000 to the public, so also does the public owe millions to the Municipality. In every street and parish we have our schools where the children of poor and rich receive gratuitous education. The first loan, of which only $270,000 has been subscribed, was too small to meet the liabilities then accruing. Since the organisation of the present board, the debt due by the old Corporation has been considerably reduced. The Municipal moneys are husbanded with the greatest care; but it is impossible to attend to the wants of the city. If the revenue of the Corporation is to be sequestrated for the next twelve months by the creditors of the Corporation. It is essential that sufficient funds should be raised to pay off these old outstandings and commence afresh. For this purpose the new loan is proposed; holders of the old loan to receive new scrip for the amount of their bonds, and cash for the arrears of interest and amortization, or if preferred, new shares for the amount—the new scrip to bear 18 per cent. per annum interest, and the Contribucion Directa fund of the city to be set apart for the exclusive use of bond-holders for interest and amortization.

Mr. Berro, the manager of the Maúa Bank, regarded the arrangement as the most beneficial that could be entered into under the circumstances, and apprehended that there would be little opposition on the part of the bond holders, as it would increase the value of the stock and secure a certain fund for the payment of the interest and amortization.

Mr. Mulhall asked liberty to offer some remarks. He found to his surprise and astonishment, that after the Mauá and Montevidean Banks, he and his brother stood the next creditors; that the old loan was not by any means held by the public; and that great as the advantages derived from the useful outlay of money in roads, streets and highways, the public of Montevideo extended very slight sympathy to the Municipality, since they declined to subscribe for the bonds He, for one, had the most implicit confidence in the strict honor and integrity of the Board. A year had now nearly elapsed since the interest on the debt had been paid; but, much as this was to be regretted, he never for one moment supposed that the Board attempted repudiation; and the eloquent and honorable sentiments of Mr. Gomez, the President, proved that his confidence was not misplaced.

The proposed measure seemed most equitable and just, but there was a slight obscurity as to the mode of payment, which he trusted Mr. Gomez would remove. It was proposed to pay to the bond-holders the arrears of interests and amortization. Now, as the loan was originally made in gold the interest and amortization should be paid in gold, and he trusted, for the honor of the Junta, that no attempt, would be made to pay the arrears, in a currency which suffers a depreciation of sixteen per cent. The Junta has to come before the public as a borrower; its credit, therefore, is of the highest importance, and any quibble as to paying in legal bank paper bond-holders who paid for their bonds in specie would be most damaging to the reputation of the Junta.

Mr. Gomez stated that he had not considered this point, and asked the parties present to express their opinions. Mr Berro felt a difficulty in offering any remarks, as he represented a bank. Two other gentlemen who were present fully coincided with Mr. Mulhall, and insisted on gold or its equivalent being paid.

Mr. Gomez then stated that he would call the attention of the junta to the question; he declined to decide the matter himself, but he felt quite confident that the junta would pursue the strictest line of honor towards the bondholders.

The meeting then adjourned.

MONTEVIDEAN CUSTOM HOUSE.

In these countries the Custom House is the barometer of national prosperity; it is the only establishment from which we can gather even the scantiest statistics of trade and commerce. It may be a source of regret to the philosophic mind that the head taxman is the best informed of our community on such matters, but we must accept this state of affairs, since generations must pass away before any material alteration can be hoped for.

Thanks to the kind attention of Mr. Daniel Zorrilla, the Finance Minister of the Oriental Republic, we have received the monthly returns of the Montevidean Custom House for the month of October; those for November have been also made out, but as yet we have not received a copy.

The following are the returns:

Duties on imports.....	$f.242,288,64
Warehouse and storage fees.....	10,178,24
Do. on transhipments &c.	3,438,57
4 per c. duties on exports	10,531,64
2 ,, additional on imports.....	28,960,42
3 ,, ,,	46,997,46
2 ,, exports	5,933,35
2 ,, on beef	889,17
Tonnage duties	4,994,20
2 per cent on imports	30,868,06
Total	385,079,75

It will be observed in the foregoing that the duties are divided; this arises from the various laws passed appropriating certain duties for the payment of certain funded debts.

Thus, what is called the Funded debt, has 4 per cent. export duty and 2 per cent. extra import duty set apart. These yielded in October 39,492.06—and so excellent is this arrangement found to work that this debt, which, a few years ago, was so heavy, and at such a discount, is now at par, and will be all paid off this year. We believe the chief holder of these bonds is the Mauá Bank.

Then the Home Debt has set apart for it

3 per cent. extra import duty.
2 ,, ,, export duty.
2 ,, ,, beef duty.
Tonnage duty—all which gave in the month of Oct. $58,814.18.

The remainder of the Custom House revenue goes to the Government for general expenses.

It is really gratifying to see with what religious exactitude the Montevidean Government applies the funds for the various debts to which they are appropriated. This speaks much for the strict honor and integrity of the present Government.

The Finance Minister, Mr. Daniel Zorilla, is a man universally esteemed by the merchants and business men of Montevideo, and he is now engaged in preparing, for the public a report on the values of the land and stock in the camp districts.

EDITOR'S TABLE.

We learn with satisfaction that the rumors maliciously circulated a day or two ago, about a rising among the friendly Indians in Tapalque, and of their having cut off the commanding officer of the district, Lieut.-Colonel Alvaro Barros, are authoritatively contradicted. The Government has received an official note from this office reporting that some parties had been spreading alarm among the Indians by persuading them that the new Government was going to hostilize them, withdraw their ussual allowance of rations, and even oblige them to serve in the army. As soon as Lieutenant-Colonel Barros was made aware of the discontent that was beginning to show itself among the Indians, he sent for the Caciques and cleared away any doubts that might have influenced them, so much so that the Caciques themselves engaged to secure the return of some cattle that a party of their Indians had robbed from the estancia of Mr. Andrade. Colonel Barros further reports that at the date he was writing, the 29th of last month, the most perfect tranquillity prevailed throughout his district.

The decree appointing General Arredondo, Commander-in-Chief of the frontiers of Cordoba, San Luis, and Mendoza, was published yesterday. General Arredondo left yesterday for Rosario, to await there the arrival of a detachment of National troops that are hourly expected in that city from the forces under the orders of Gen. Mitre in Corrientes. This will be good news for the Interior Provinces, where

this gallant officer enjoys such well-earned popularity and inspires so much confidence. For our part, we are happy to wish him God speed.

We are sorry to hear that the French packet brought the news of a serious accident having befallen Mr. William Thompson, of the firm of D. C. Thompson & Co., who received a severe blow in the head by a fall from his carriage. The latest accounts by the City of Brussels are not altogether reassuring, and further news are looked forward to with anxiety by Mr. Thompson's many friends here.

On Wednesday the Alcazar Lyrique troupe went *en masse* to the French Consulate, who refused to listen to their complaints. They thenproceeded to H.E. the French Minister who recommended them to apply to Mr. O'Gorman; this they did but up to this moment we do not know the result. It could scarcely be expected that Mr. Noel would mix himself up with this subject, and he pointed out to them the only road by which they can obtain redress if their grievances are well-founded.

On Sunday the auction of thoroughbred horned cattle, &c., at the celebrated estancia Tapiales, belonging to D. Isaia de Elias, partido Matanzas, attracted so small an attendance that shortly after it began the owner determined to suspend it, in order to continue it at Messrs. Nazar & Co.'s auction rooms in town next week. The prices obtained for the few animals, sold were: young bulls $700; young cows, $1,500. Mr. Elias's hospitality on the occasion called for special remark from those who attended—an abundant breakfast being served, and every facility provided for the trip to and from the railway station.

The proposed idea of holding a pic-nic in aid of the funds of the British Hospital appears to have been definitely abandoned. An effort, however, is being made to revive the interest once felt in private theatricals, and although the matter is as yet shrouded in some mystery, we are happy to say that the efforts that are being made to get up a performance, are likely to be crowned with success.

Captain Gil, of Humaita and Chaco-Peninsula celebrity, is at present in command of the Esmeralda, that plies regularly on the Plate and Paraná River.

Sr. Sarmiento has issued an important decree, appointing Mr. Hunt Lindmark, Civil Engineer, to proceed to make the survey of the railroad that is to connect Rio Cuarto with Villanueva, or any other point on the Central Argentine Railway line that may be deemed most advantageous for the general interests of the country. The salary attached to this appointment is three hundred patacons a month, besides sixty for expenses, and a mileage of fifty cents per league from B. Ayres to Villanueva and back. By this it may be seen how earnest the new Government is in attending to the material wants and improvements of the country.

We have to thank the Editors of the 'Tribuna' for their kind attention in sending us a copy of the 'Tribuna Almanack' for 1869. It is an interesting and useful publication, for which we are happy to anticipate a very wide-spread patronage.

The Flores and Gauna Road Company has received proposals for establishing a tramway on the northern side of the road. In consequence, a meeting of the shareholders is convened for Sunday next in the Bolsa, at one p.m., for the purpose of taking into consideration this proposal in conjunction with those for paving and macadamising the road to San José de Flores.

The Municipality of Belgrano has spared no pains to render attractive the fêtes to be held in that favourite suburban town on Tuesday next, the 8th inst. There is to be first a grand Church service from 11 a.m. to 1 p.m., then from 1 p.m. to 3 p.m., the saloons of the Municipality will be open, and a large number of friends and invited guests will be served with refreshments. At 3 p.m. the ceremony of laying the foundation stones of the Belgrano Market and the silk establishment will be gone through. Four o'clock is the hour fixed for beginning the races on the Belgrano race course, which will last till half-past six; and the day's proceedings will wind up with a grand concert and ball in the Belgrano Club. A special commission has been appointed to superintend these fêtes, composed of Messrs José A. Acosta, José T. Baca, Julio Mendez, German Elizalde, Bernabe Burgos, M. B. Echanagurcia, Augusto Rohl, Daniel Cranwell, and Thomas Wilson. The races promise to be interesting, judging from the number of entries which appear by the program already published. This we shall reproduce to-morrow. The stewards of the races are Messrs Jorge Atucha, Augustin Saavedra, Luis M. Saavedra, and the starters Messrs William White and José M. Lawson.

The 6th number of the "Revista Argentina" being the first for this month, is out. We received yesterday a copy, and see with pleasure that it contains as usual several original articles of considerable interest.

The Directors of the Western Railway announce a reduction of fares to and from Lujan on the 8th inst., in consequence of the festival to be held in that town. The return ticket to Lujan, first class, will only cost 45 dollars.

The account of the proceeds of the performance given in Colon Theatre by the Japanese Company for the benefit of the Asociacion Filantropica, has been published. The gross receipts were $21,215, of which $10,179 went to the lessees of the theatre, 3,000 to Mr Smith, the Japanese impresario, and $150 for minor expenses, leaving a balance of $7,886, which has been remitted to the Asociation.

To-day Mr. Billinghurst will sell by auction, in the Tigre, the steamer Zenobia. We hear that several parties are interested in the purchase of this noble vessel, and the attendance is likely to be very large. The sale takes place at one o'clock precisely.

The City of Brussels arrived in port yesterday at 9.30 a.m., having left Montevideo the night before at 9 p.m. We salute Capt. Haddock on his return among us, and have to thank him for full files of English papers, which he kindly sent to our office. Extracts from them will be found in another column.

Several members of the Club Libertad held a meeting on Tuesday evening to concert measures for the impending electoral campaign of Governor of this province and it was agreed to support the candidature of Don Emilio Castro. The formation of the new committee of the Club was also discussed and those present pledged themselves to a list headed by Col. Mateo Martinez as President, D. F. A. Benitez, Vice-President, D. Juan J. Alsina Treasurer, and D. Julio Nuñez, and D. Dardo Rocha Secretaries.

The big prize of the last Corrientes lottery has fallen into the hands of a lady who lives at the Boca, and whose name is Maria E Vallejos.

The name of the steamer that was to have begun to ply between Montevideo and yesterday Maldonado is the General Batlle.

The Provincial Government has appointed a commission composed of D. Miguel Esteves Sagui, Don Eduardo Olivera and Don L. Dubamel to examine the machinery and utensils introduced from Europe by D. Julio Zuvaria for the elaboration of silk and report on the possibility of successfully introducing this new industry, with any other remarks on the subject they may think proper. The machinery is in Belgrano where a building is to be raised for the purpose, the foundation stone of which is to be laid on the 8th inst.

A parcel of wool was sold in the Southern Market yesterday at $30 per arroba; the expenses upon it was about $8 per arroba loaded in the carts, and $12 cartage to the Plaza Constitution; now we have to add peonages, cartages, &c., the barraca of the consignee; afterwards, barraca rent, commission no sale and returns by barraqueros, baling, cartages to the river, launch hire, export duty, freight and insurance to a European market, and commission on sales there. What will be the nett proceeds accruing to the country that produced it? Let our legislators answer this.

SUPPLY OF WOOL.

The quantity of wool (sheep and lambs') imported into the United Kingdom in the first three quarters of the year 1868 has been no less than 197,436,056 lb. The quantity in the corresponding period of 1867 was only 184,025,929lb., and of 1866, 171,135,809 lb.; and in those two years the import was the largest that had ever been received. Until 1864 a whole year's import never reached the quantity that has been received in the first nine months of 1868. The great increase has been in the arrivals from Australia amounting in the first nine months of the year to 102,047,664lb. in 1866, 118,672,805lb. in 1867, and 135,346,569 lb. in 1868. From South Africa there came in the same three periods—12,444,289lb. in 1866, 22,494,509lb. in 1867, 22,629,963lb. in 1868. From British India, 16,414,105lb., 10,116,551lb. and 13,856,947lb. From Europe 24,587,562lb, 13,498,965lb, and 14,640,984lb. The supply alpaca wool has fallen off; the nine months' imports have been—2,620,035lb., in 1866, 2,106,228lb. in 1867, and only 852,363lb. in 1868—*Times.*

ON 'CHANGE.

	Dec. 3, 1868.
Ounces	400
Sovereigns	122½
Patacons	25
National Bonds	49

National Bonds continue rising: the market opened and closed firm—prices for the end of the year improved ⅛, having opened at 49⅜, and closed at 49½. The sales for the end of the year amounted to 190,000. For January 31st, 20,000, at 48, and for Saturday, 10,000, at 49. Total sales for the day amounted to 233,000. The speculation in Bonds is decidedly for the rise, and as money is easy and cheap, it is probable that prices will still improve, but there were rumours current that the Public Credit Office will shortly pay out to some claimants a large amount in Bonds, which it is probable will be sold on the market.

The very decided action of the National Government respecting the Interior is much talked of, and it is very generally rumoured that President Sarmiento will send up to the provinces at least 3,000 men, which force will be drawn from Corrientes and the army. At present there is a great speculation going on, based upon the belief that ere this the Allies have attacked Villeta and carried the position. The last letters received state that the Commander-in-chief had named the 2nd inst. for the attack.

The rates of exchange have gone up; about £80,000 passed on England at 49⅜, and on France at 5.25.

Respecting the Argentine Bank, we understand on good authority, that it is not the intention of the Board of Directors to make any further call on the shares.

The sale of a very fine piece of ground, near the Paso de Burgos, for the sum of $400,000, was announced; Mr. Chas. Jackson, purchaser.

In the North Wool Market there is decided animation. The sales to-day were large and important, a new barraquero firm having bought freely.

HEALTH! QUINTA! HEALTH!—ON the Lomas de Zamora, distant about two squares from the Burzaco Station, there is now to be sold the well-known House and its adjoining Lands, called the Almacen del Vapor. The land comprises twenty squares, with five squares of frontage to the main road and Railway. The house is a solidly-built brick edifice, built like a town residence, and contains six rooms, kitchen and closet. A part of the land is under wires fencing, alfalfa, and choice fruit trees. For further particulars apply at No. 95 Calle Potosi.

ON SALE.
CAUSTIC SODA,
Guaranteed 72 per cent.
IN QUANTITIES TO SUIT PURCHASERS.

The use of Caustic Soda of high strength, instead of Soda Ash, is a saving to the consumer in the cost of carriage and in the amount of labor in using it, in the proportion of 8 to 5. It also enjoys, by its purity, an absence from deleterious substance, such as sulphur and iron, while, at the same time, the smaller per centage of salt and other saline neutral substances, enables it to retain its strength in more active operation, up to the very last stage of its work, in any process to which it may be applied.
In soap-making it is presented to the consumer ready causticised, so saving the time, labor, fuel, rent, interest of money, and wear and tear of the plant and utensils which would be required for this purpose.
Caustic Soda of high strength will also be found very efficacious for removing hair and grease in the preparation of skins for tanning, &c. Its extra cost over lime being far more than compensated by the rapidity with which it works, by the ease with which its strength can be regulated and adjusted to suit each particular case, and by the great advantages arising from the removal, in a liquid state, of any impurity as fast as it is taken up, and which is not the case when lime is employed.

This exquisite Perfume is prepared direct from Blooming Tropical Flowers of surpassing fragrance. Its aroma is almost inexhaustible; while its influence on the SKIN is most refreshing, imparting a delightful buoyancy to the overtaxed Body and Mind, particularly when mixed with the water of the Bath. For
FAINTING TURNS,
NERVOUSNESS,
HEADACHE
DEBILITY,
AND
HYSTERIA,
Itis a sure and speedy relief. With the very *elite* of fashion it has for 25 years maintained its ascendancy over all other perfumes throughout the West Indies, Cuba, Mexico, and Central and South America, and we confidently recommend it as an article which, for soft delicacy of flavor aichness of bouquet, and permanency, has no equal. It will also remove from the skin
ROUGHNESS, BLOTCHES,
SUN BURN, PIMPLES,
AND FRECKLES.
It is as delicious as the Otto of Roses, and lends freshness and beautiful transparency to the complexion. Diluted with water it makes the best dentifree, imparting a pearly whiteness to the teeth; it also removes

A NEW PRINCIPLE DISCOVERED.
R. R. R.
RENOVATING RESOLVENT
CONTAINS SARSAPARILLIAN, THE ACTIVE PRINCIPLE OF SARSAPARILLA!

DR. RADWAY HAS RECENTLY DISCOVERED A new process for obtaining the extractive substances of medicinal roots, barks, plants, &c., whereby only the pure and active properties are obtained, from which RADWAY'S RENOVATING RESOLVENT, READY RELIEF, AND REGULATING PILLS are prepared.

One bottle or box of these remedies, prepared under the new process, contains more of the true principle of cure than is secured by 10 of the largest size bottles of Sarsaparillas, Pain Killers, or Pills in general use.

RADWAY'S RESOLVENT

"Is composed of Sarsaparillian" (the only part of Sarsaparilla Root containing medicinal properties), Hemedesmus Indicus, Lexival Fuci, Tarracum, and other vegetable extracts (prepared in vacuo) so harmoniously associated that it secure. The most perfect remedy for purifying the blood, Resovingl away Diseased Deposits, Glandular Swellings, Curing Chronic, Scrofulous, and Syphilitic Diseases; Dissolving Calculous Concretions, Stone in the Bladder and Kidneys; insuring every Man, Woman and Chlid who uses it "Beauty, pure Blood, and the vigor of life."

So swift is the resolvent in entering into the circulation that it can be detected in the Blood, Urine, and Sweat in ten minutes after it has been taken 1.

Fair complexion, clear skin free from all Eruptions, Tetters, Rash, Pimples, Blotches, Pustules, Black Spots, Worms, Scurf, and Sores of the Scalp, &c., &c., cured by a few doses, of tow teaspoonfuls, three times a day.

Salt Rheum, Ring Worm, Humors, Tumors, Glandular Swellings, Strumuxes, Discharges from the Ears, Sore Eyes, Chronic Diseases, Venereal Sores, Syphilis, and all Syphiloid forms of disease, Scorbutic Affections, Rickets, Softning of the Bones, Ulcers, and all corruption expelled from the system by a few bottles.

Calculous Concretions, Bad Habit of Body, Kidney, Blandder, and Urinary diseases, Leuchrean, Suppressions, Bloodlessnes, cured rapidly by the R. R. Resolvent.

R. R. R.

A GREAT SENSATION!
A GOOD SENSATION!
PAIN CURED IN AN INSTANT.

In 1847, the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Aconite, Ether, &c., was first made known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful desiratum in all cases of external and internal pain In an instant it afforded relief; the moment it was applied to the parts of the body where inflammation or pain existed, it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Influenza, Sore Throat, Nervous Headache, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to cure and exterminate the pain.

Taken internally, 20 drops to a teasponful would cure, and will cure. Fever and Ague, Chills and Fever, Bilious Colic, Inflamation of the Bowels, Cramps, Spasms, Diarrhea, Dysentery, and every pain that may exist in the inside a man, woman, or child. This was Radway's Ready Relief of 1867, and it is Radway's Ready Relief, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pain-stricken, sick, distressed, and crippled of all nations throughout the world, and now to-day it is used, patronized, and reserved as a household necessity in the places of Sultans, Emperors, Kaimos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of very nation on the face of the earth.

DR. RADWAY'S PILLS.
COATED WITH SWEET GUM
PURGE, REGULATE, PURIFY, CLEANSE, and STRENGTHEN.
FOR THE CURE OF

All Disorders of the Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Fever, Inflammation of the Bowels, Piles, and all Derangements of the internal Viscera

WARRANTED TO EFFECT A POSITIVE CURE
PURELY VEGETABLE.
CONTAININGno MERCURY, MINERAL, OR DELETERIOUS DRUGS.

Pain in the Side, Chest, Limbs, and Sudden Flushes of Heat, Burning in the Flesh.

A few doses of RADWAY'S PILLS will free the System from all of the above-named disorders.

BRISTOL'S SARSAPARILLA
In Large Bottles,
The Great Purifier of the Blood,
IS PARTICULARLY RECOMMENDED FOR USE DURING SPRING AND SUMMER

When the blood is thick, the circulation clogged and the humors of the body rendered unhealthy by the heavy and greasy secretions of the winter months. This safe, though powerful detergent cleanses every portion of the system, and should be used daily as

A DIET DRINK

by all who are sick, or who wish to prevent sickness. It is the only genuine and original preparation for

THE PERMANENT CURE OF THE MOST DANGEROUS AND CONFIRMED CASES OF SCROFULA, OLD SORES BOILS, TUMORS, ULCERS ABSCESSES,

And every kind of Scrofulous and Scabious eruptions. It is also a sure remedy for

SALT RHEUM, RING WORM, TETTER, SCALD HEAD, SCURVY, SYPHILIS OR VENEREAL DISEASE,

White Swelling and Neuralgic Affections, Nervous and General Debility of the System, Loss of Appetite, Langour, Dizziness, and all Affections of the Liver, Fever and Ague, Bilious Fevers, Chills and Fever, Damp Ague and Jaundice, Guaranteed to be the most Powerful and Purest Preparation of

GENUINE HONDURAS SARSAPARILLA THAT IS PUT UP FOR SALE.

It is the very best, and, in fact, the only sure and reliable medicine for the cure of all diseases arising from a vitiated or impure state of the blood or from excessive use of mercury.

The afflicted may rest assured that there is not the least particle of mineral or any other poisonous substance in this medicine. It is perfectly harmless, and may be administered to persons in the very weakest stages of sickness, or to the most helpless infants, without doing the least injury.

Full directions how to take this most valuable medicine will be found around each bottle; and, to guard against counterfeits, see that the written signature of LANMAN & KEMP is upon the blue lapel.

The Company insures against loss or Damage by Fire Private Dwelling-Houses, Goods Deposited in Specific Warehouses of Ston, or Brick, &c., &c.; and also issues "Floating Policies," extending to the Custom-House and all or any of the Private and Bonded Stores.

The whole advantages which can possibly be contemplated by those desiring to effect Fire Insurances, may be resolved into the following:—
1st. Security.
2nd. Honor and liberality on the part of the Company, in whose hands they place their interest; and
3rd. The purchase of these advantages at a moderate rate.

It will be found that all these are presented by this Company to the Public in an eminent degree.

The Company's large Capital, under the immediate management of the Directors of this Establishment, affords perfect security to the Assured, while it may confidently assert, from the Constitution of the Board of Direction, from the character of its present Members, and from the qualifications which will be deemed indispensable in their successors, that the highest honor and liberality will ever characterize all its transactions.

It has been the object of the Directors, in their minor arrangements, to afford every possible facility to those effecting Assurances with the Alliance, and the undersigned hold a Power of Attorney enabling them to settle at once any Losses that may occur from Fire, Lightning, or Explosions of Gas in Buildings, on or in which this Company has granted Assurances.
